4. HARBOUR DUES, VESSELS

Harbour dues shall, where below otherwise is not said, be payable with following amount every time vessel calls at the port.

4.1	Harbour dues with sulphur certificate	SEK
	Vessel with L.o.a. of 20 meters or more, per GT	4,85
4.2	Liner tariff	
	Vessel in liner traffic, per GT	as per offer
4.3	Special tariff	as per offer
4.4	Environment- and Waste due	
	The due is applicable on all vessels	0,60

4.5 Exemption from harbour due

Naval- Customs- Salvage- and training vessels.
Vessels used by The National Swedish Administration of Shipping and Navigation for their purpose only.

Vessel in following emergency:

- in consequence of storm or sea damage.
- in consequence of sickness or accident on board needing speedily nursing.
- repairing the vessel or equipment, necessarily for the safety of the vessel.

Vessel's provisioning and bunkering.

Exemption from harbour due for vessel is applicable during ships stay in port maximum 24 hours and provided the vessel is not loading/discharging other useable cargo than such cargo that is to be reloaded.
If the same condition remains after this expiration of time the harbour authority can permit the vessel to stay further without harbour due after request from the master of the vessel.

5. HARBOUR DUES, GOODS

Harbour dues shall be payable with the following amounts, every time goods arrive or depart by sea.

5.1 Exemption from dues

Bunkers, provisions and supplies for vessels own use.

Sludge, see 10.2

Materiel for the National Swedish Administration of Shipping and Navigation's fairway arrangements.

Containers, flats, or other cargo carriers of permanent nature, indented for transportation means, and not constituting independent commercial goods.

5.2 Other regulations

Day shall be continued from 00.00 hours to 24.00 hours.

Charges according to 5 are to be based on gross weight of the goods and according to headings of Custom tariff.

Charges according to this tariff are levied within the harbour area of Karlshamn.

After date of maturity a penalty interest will be charged, according to Swedish law of interest.

Should the tonnage certificate of a vessel calling the harbour give two gross tonnages, dues shall be calculated from the higher of the two tonnages.

Harbour dues shall, if nothing else stated, be calculated from weight/volume given in Bill of Lading.

Ship owner, owner of goods, cargo receiver, shipper, Shipbroker, forwarding agent, agent or other customer are joint and several responsible to pay the charges stated in the harbour rates.

6.1 CRANE RATES INCLUDING DRIVER

Charge includes transport of crane and/or possible time for connecting or disconnecting appliances. Crane rates: minimum charge 1 hour plus additional charge for each working consecutive 1/2 hour.

6.1.1	Charges per 1 000 kilos/m³	SEK
	Loading/discharging per 1 000 kilos or m ³	as per offer

6.1.2	Charges for heavy crane	as per offer
--------------	--------------------------------	---------------------

6.1.3	Time counted work, not heavy crane	
	Loading/discharging per crane/hour	as per offer

Remark: Minimum charge 1 hour.

For work performed on time other than normal working hours and which is not directly connected to normal working hours, a minimum charge for 3 working hours is charged. Time shall count as from where the crane leaves the Stilleryd harbour until it returns to same place.

6.1.4	Containers and flats, 20 – 30 – 40 – 45 feet	SEK 424
--------------	---	----------------

REGULATIONS

For the usage of cranes belonging to KARLSHAMNS HAMN AB

1. KARLSHAMNS HAMN AB reserves all rights for reparation, distribution and disposal of
Cranes for work within the harbour area without regard to priority and special requests. KARLSHAMNS HAMN AB also reserves the right to transfer cranes already engaged to another ship, depending on the kind of goods handled and the ships own facilities for loading or unloading.
2. KARLSHAMNS HAMN AB will not be held responsible for any extra expense caused due to breakdown or force majeure while the crane is under hire.
3. The agent is liable to pay compensation for any damage caused to the crane or other property either by accident or negligence by him or his employees
4. Ship is not entitled to discharge/load with its own gear at quays where KHAB cranes are available. Exception from this rule can be made after separate agreement with KARLSHAMNS HAMN AB.
5. Handling of damaged, shifted or badly stowed cargo leading to essential loss of normal crane-capacity is charged according to the time based tariff.

GENERAL REGULATIONS

For storage of goods

1. Begun period is conducted as whole period. Charge/rent is rated for maximal placed quantity during each period and is invoiced afterwards for same.

Loading/unloading and store-up-day is rated as storage period for goods arriving or departure by sea.

Goods arriving by land and which is not forwarded by sea are charged rent as from the day of arrival.

Labour disputes or circumstances over which the KARLSHAMNS HAMN AB has no control will not lead to exemption from charge or reduced rate.

2. Any other activity but storage of goods is not allowed in the given up space.

KARLSHAMNS HAMN AB does not take responsibility of stored goods, but gives up storage space., undertakes no maintenance or attendance whatsoever.

KARLSHAMNS HAMN AB does not insure the goods. The level of compensation is regulated via "Ports of Sweden" General Conditions 1989 for terminal operations.

3. The user is responsible for cleaning of the given up space and transportation ways used for the goods. It also falls on the user to take all necessary measures to prevent damage on other stored goods caused by his goods or handling thereof.

4. Otherwise the Harbour Regulations will be applicable.

When discharging damaged cargo whether the damage is attributable to average or not, the cost is charged according to straight time rate and machine tariff.

Costs for extra material

Extra dunnage and other material will be charged as per actual cost.

7.3 MISCELLANEOUS REGULATIONS

Estimation of tonnage

"Ton" means a weight of 1 000 kg. If cargo is weighted on/or alongside the vessel, a charge is made according to the weight thus established. In other cases, "Bill of Lading weight" is to apply.

Crane operator

Driver of the vessel's crane must be assigned by KHAB

Ladders and gangway

It is the responsibility of the vessel to provide ladders and gangways of such a nature that they can be used without risk for bodily injury, according to regulations issued by the Swedish Board of Industrial Safety.

Railings

During loading and discharging, the railings round the hatches must be removed in such a way that they cannot be damaged while loading and/or discharging is in progress. Should the vessel fail to remove the railings after the matter has been brought to their attention, KHAB is not responsible for any damage that might occur.

Safety nets and rope railing

If there is an obvious risk of falling into holds while work is undertaken, the vessel is responsible for rigging up safety nets or adequate rope railings according to regulations issued by the Swedish Board of Industrial Safety.

When the vessel's lifting gear, as cranes, derricks, winches have to be used for any kind of work, valid certificates must be presented showing that the lifting equipment is passed for using by loading or discharging cargo, stevedore machines, forklifts etc. Out of this, by inspection of running wires, top wires etc. these must be without any remarks.

SCANDINAVIAN TUGOWNERS STANDARD CONDITIONS OF 1959, REVISED 1974 AND 1985

Karlshamns Hamn AB (hereafter called "Company") provides towage services on the following conditions.

1. Definitions

The expression Hirer in these conditions means the body or person who has ordered the service or on whose behalf the service has been ordered.

The expression damage in these conditions means economical losses of all kinds including but not limited to total loss, damage, loss of income and expenses and also loss of and damage to cargo onboard the vessel in tow.

2. The Company's liability towards the Hirer

The Company is not liable for the damage caused to the Hirer in connection with the towage service unless the damage is a consequence of fault or neglect on the part of the Company's management. The Company is, however, not liable for fault or neglect committed by a person's capacity of master of a tug or member of its crew.

The Hirer is not in any case entitled to damages from a master of a tug, a member of its crew, a pilot, or anybody else in the service of the Company.

The liability of the Company shall in any case not exceed SEK 100.000:-

3. The Hirer's liability towards the Company

The Hirer shall indemnify the Company for all damage caused to the Company in connection with the towage service unless the Hirer shows that neither the Hirer nor somebody for whose acts the Hirer is liable totally or partly has caused the damage by fault or neglect.

Should the Company be held liable for damage caused to a third part in connection with the towage service, the Hirer shall indemnify the Company unless the Company would have been liable towards the Hirer in case the damage had been suffered by the Hirer.

10.2 RECEIVING OF WASTE OIL

10 m³ is included in waste due

Waste oil is received Monday – Friday 0700 - 1600

DIRECTIONS

Concerning delivery of oil remains and waste from ships engine room.

Oil remains and waste which normally appear in a ship's engine room can free of charge be left in the Port of Karlshamn on the conditions below;

1. The waste shall arise from ship lying in the Port of Karlshamn.
2. Collecting order must be done not less than 24 hours before desired collecting. Collecting order is done at the oil storage office on telephone +46-(0)454-30 50 13 Monday - Friday 07.00 - 16.00. Collecting order must contain information about quantity, whether the waste is pump able or not and couplings requirements. Preferably international coupling with outlet on deck shall be available. For any other coupling and outlet, the ship will be charged for the extra costs arise.
3. Collecting of waste from ships engine room will normally be performed Monday - Friday 07.00 - 16.00. For collecting during other hours there will be an extra charge.
- 4.1 Maximum time for collecting by Slurry Exhauster is 1 hour including waiting time and tube connection. Any time here over will be charged for.
- 4.2 The ship has to pump the waste to the Slurry Exhauster with its own pump and with a speed not less than 5 m³/hour If this is not possible, the ship is charged for the extra costs arise.
- 4.3 On board the ship there must be one responsible person who receives and couples the tube, watches over the pumping onboard and moreover assists the driver of the Slurry Exhauster.
- 4.4 The driver of the Slurry exhauster must keep a strict watch over car and tube during the process to prevent oil spill on the quay.
5. Waste delivered in barrels has to be put up by the agency of the ship on a location directed by the Harbour Command. Barrels shall be faultless and tight. Costs for cleaning-up waste caused by leaking barrels as well as costs for special treatment as a consequence of obvious danger of leakage will be charged the ship. The barrels will not be returned.
6. Waste-declaration shall be enclosed the waste to the receiving company. When collecting by car on ship-side, the declaration shall be handed over to the driver. When putting up barrels on quay, the barrels must be durable and unambiguous marked with contents and name of the ship. The waste must have a flashpoint below 60° C or otherwise be of a quality related to dangerous goods.

Limitation

The distance of the voyage to Karlshamn is base for calculated reception.

11.1 ROUTINES FOR INVOICING

All prices are exclusive of VAT.

Terms of payment are 30 days after invoice date, if other not agreed.

If late payment, interest will be charged as from day 21, according to present rate of discount increased by 8%.

Prices are calculated based on the Gross weight of the goods, rounded off upwards or downwards to the nearest 1.000 kilo.

For time-debited work or rental as well as in the case of overtime, minimum 1 working hour will be debited.

For ton-debited work, handling of minimum 1.000 kilo will be debited.

For goods weighing less than 1.000 kilo per 3 m³, 3 m³ will be counted equal to 1.000 when calculating prices.

Compensation for necessary handling equipment is included in respective tariffs, except in the case of;

- time debited work
- handling of cargo requiring forklift with a capacity of minimum 20 tons.
- work where harbour crane is required.

11.2 MATTERS OF LIABILITY

For all commissions performed by KHAB the regulations of "Swedish Ports" 1989 will apply.

DANGEROUS CARGO

For handling and storage of dangerous cargo according to the IMDG-code, special regulations will apply. Further information will be given by the Operations Management of the Port.

CARGO INSURANCE

Cargo insurance is not included in the storage cost. Necessary cargo insurance shall be arranged by the cargo owner.

STOWAGE PERFORMANCE

KHAB is not responsible for the stowage performance will not be liable for compensation for dead freight.

LOADING/UNLOADING DIRECTLY TO/FROM RAIL

KHAB reserves the right to decide whether cargo which shall be loaded onboard or unloaded from vessel will be handled directly to/from rail or via terminal.

EXEMPTION FROM LIABILITY

Lockout, strike etc.

KHAB disclaims liability and/or obligation to indemnify for damage or expenses which occur as a result of; Lock-out, strike, blockade, boycott or other obstacles beyond the control of KHAB.

Work with grab, front loader and forklifts

KHAB is not responsible for damage, which arises as a result of following:

Any damages to hatch comings and hatch an opening which arises as a result of the grab not being able to pass through the hatch when the said grab is fully open and in a diagonal position.

Any damage to hatch-cover beams, hatch-cover beam tracks, hold ladders, propeller tunnels, manholes, pipes and electric cables and other ships' equipment which is not protected in an adequate manner.

Any damage to floor and bottom ceilings which are adequately fastened.

Any other damage which arises as a result of insufficient information on the part of the ships' officers.
